Lynching for Militants, Forecasts Conan Doyle

NEW YORK, May 28.—Lynching for militant suffragettes is forecast by Sir Arthur Conan Doyle, the creator of Sherlock Holmes.

"They have thoroughly disgusted the public," he continues. "But it is British nature to be patient. When once aroused, though, the militants will find that the nature of the British male is stern."

Sir Arthur is going to the Canadian Rockies for a vacation with Lady Doyle.

Policeman Proves Hero In Runaway Accident

Crossing Policeman J. L. Patchell, at Ninth street and New York avenue, last evening stopped a runaway, and saved Mrs. W. A. Cooper, of 225 L street southeast, from probable injury. The horse had slipped on the wet pavement, and Cooper stepped out of the vehicle to set the horse back on its feet, leaving his wife in the carriage. As he did so the animal reared, breaking the shafts, and dashed down the street. Patchell threw himself in front of the horse, saved the bride, and stopped the animal.

Andree's Balloon Found In East Siberian Forest

STOCKHOLM, May 28.—Andree's balloon, it is reported, has been found in a forest of eastern Siberia. The arctic explorer, with two companions, ascended near Spitzbergen, July, 1897, in an attempt to reach the pole. It was the last seen of them. The Swedish government has ordered an investigation of the report.

DO FAT WOMEN REQUIRE SPECIAL DESIGNS IN CLOTHING?

Yes, there seems to be a decided heightening of figure, apparent because of the effect of vertical or up and down lines upon the eye, while lines which run around the figure have an opposite effect. The lines of print in the cloth and all drapery should be vertical. Cross stripes or drapes around the figure or very fluffy trimming should all be avoided, as they all serve to accentuate the plumpness which is "ruinous to grace." The wise woman studies these things and, at the same time, reduces her avoirdupois by one of the few good methods of dissolving fat which have been developed in the last few years. The best treatment for reducing weight without danger or inconvenience, which you can make at home, is to put 4 ounces paraffin in can get it from any good druggist in 1 1/2 pints hot water. Strain when cold and take 1 tablespoonful before meals. Keep up until weight is sufficiently reduced. This paraffin treatment is gentle in action and positive in results and leaves the flesh and skin firm and smooth.—Adv.

CHILDREN TO GIVE WELSH FOLK PLAY

Grover Cleveland School to Produce "The Silver Thread" Tonight.

Grown ups will be welcomed at the initial performance of "The Silver Thread," a five-act play by Constance McKay, to be given for the benefit of the summer work of the school.

All twenty-three parts will be taken by students of the school under the direction of Miss Frances Fairley, principal; Miss Cecil B. Norton, Miss Alice Wright, teachers, and Mrs. Howard Beall.

Tomorrow night the children will be entertained at the play. The cast includes: Paul Beall, Laura Kail, Marian Hoffer, Edward Kaiser, Lena Griffith, Margaret Reiss, Denny Burns, Taylor Freeman, and Daniel Shugrue in the character parts. Paul Porton is king of the robbers, and will be assisted by Herbert Lein, Raymond Fier, Bernard Fenwick, Lawrence Wiedman, Welby Arnold, Harry Fox, John Freeman, Hugh Maddox, Joseph Klinge, Henry Jones, Arnold Trail, Carl Dennison, and Isaac Silverstein.

Between the acts there will be dancing by Ethel Maddox, Helen Morris, Morris Stuart, and Frieda Bitter. Miss Ida Ullman is the violinist and Mrs. Sue Jennings will be at the piano. The assembly room of the school includes the stage necessary for the production. "The Silver Thread" is a medieval folk story dealing with life in the mines of Wales. The Bureau of Mines has loaned the miner's lamps and other equipment.

Miller, and William S. Sil, executive committee; James E. Angel, George W. Brandt, Edgar T. Brown, and George B. Wood, newspaper executive committee; Wilson H. Cook, machinist executive committee.

The following candidates of the international organization received the highest vote at yesterday's election: President, Marsden G. Scott, New York Typographical Union, No. 6; first vice president, Walter W. Barrett, Chicago Typographical Union, No. 16; delegates to the American Federation of Labor, Frank Morrison, Chicago Typographical Union, No. 16; Max S. Hayes, Cleveland Typographical

Gives Quickest and Surest Cure For All Sore Feet

The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two table-spoonsful of Calceide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. The effect is really wonderful. All soreness goes away instantly; the feet feel good as you could sing for joy. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five-cent box of Calceide is sold to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calceide compound in stock or he can get it. It is not a patent medicine. Prepared only by Medical Formula Co., of Dayton, Ohio.—Adv.

Just Apply This Paste and the Hairs Vanish

(Beauty Notes)
It is not longer necessary for a woman to go through life with a face disfigured by a fuzzy growth, for if she will apply a plain delatone paste to the objectionable hairs for 2 minutes, then rub it off, every trace of hair will vanish. To make the paste, mix some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone. Better results are obtained if the delatone is purchased in an original package.—Adv.
